

Honors College Academic Plan

Name _____ Major _____ Student ID _____ Minor _____ Desired Graduation Semester/Year _____

Honors College applicants and current students should use this document to draft an Honors College academic plan that will meet the student's desired date of graduation and the Honors College's requirements. Please see an Honors College staff member for assistance with Honors College requirements. Applicants and current students should consult with an advisor in your major college (see your WISER Student Center page) or the University Advising Center (Campus Center 1st Floor) for university and major requirements. Please note, plans must satisfy all degree audit requirements, including a minimum of 120 credits.
